Department: Rural Water Supply and Sanitation

Issue Title: Installation of Community Solar Water Pump in Ward 4

Amount Requested: INR 2,50,000

Supporting References: SANCTION-ORD-2026-449

Project Description:

The community of Ward 4 has been experiencing recurrent drinking water shortages during peak summer. This application requests an infrastructure grant of INR 2,50,000 for drilling and installing a high-efficiency community solar-powered submersible water pump at the Central Civic Ground.

All preliminary engineering clearances and local Gram Sabha approvals have been completed.
